Dear Mr Zabransky,

Thank you for your requests for access to documents dated 2 February 2015.

According to Article 1 Section 11 of Directive 98/34/EC, the definition of technical regulations comprises "*technical regulations imposed by the authorities designated by the Member States (...)*".

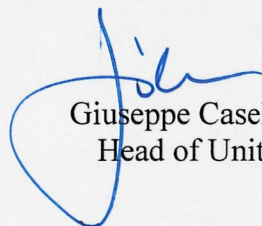

Thus, the technical regulations made by Central government and by certain authorities designated by Member States are to be notified under Directive 98/34/EC. In this regard, please find attached a list of authorities required to notify draft technical regulations.

On this occasion, please be informed that in principle, notified drafts are translated into all EU languages and that they are available to you on the Europa site, via the TRIS public database (Technical Regulations Information System). You can access it by following this link: <http://ec.europa.eu/growth/tools-databases/tris/>

The TRIS system can be accessed free of charge, with no further formalities, and is updated daily. It allows you to browse the legislative initiatives, of the Member States, likely to be of interest to you or likely to have repercussions for your activities. In order to aid your search, notified drafts are classed in specific categories and sub-categories depending on their aim and the area of activity concerned.

Please do not hesitate to contact us at [Grow-C3@ec.europa.eu](mailto:Grow-C3@ec.europa.eu) should you need further details.

Yours sincerely,

  
Giuseppe Casella  
Head of Unit
